PRODUCT SCHEMATICS

1

S07 GLOW IN THE DARK SILICONE WRISTBAND

GENERAL DISCLAIMER

DEVIATION: Please note that there are deviations inherent to the printing materials and techniques. The deviations are within standard industry tolerance and hereby deemed acceptable by customers.

3D PRODUCT IMAGE: The 3D product image shown here is purely for reference purpose. Please refer to the schematics for precise dimensions.

BRIGHTNESS: The brightness of glow in the dark wristbands is affected by their base colors. Please refer to the relevant web page for more details.

COLORS: Please note that only the PANTONE coated color system is accepted to match the required colors (unsupported color systems: PANTONE uncoated, PANTONE TPX, CMYK, RGB, etc.). A color deviation of +/-10% is tolerable by industry standards. When colors are not specified, based on our experience, we would recommend popular colors from the PANTONE coated system. If your logo has a specific color set using other color systems, we would convert it to the closest PANTONE coated colors based on the display colors on our screen, however, accuracy in color conversion is not guaranteed.

DIMENSIONS: Please allow a circumference deviation of +/-3mm.

POSITIONS OF DESIGNS: Please allow deviation of +/-1mm (vertical) from your artwork.

EDGE OF THE WRISTBAND: Please note that due to technical limitations, the edge of the silicone wristbands is not as smooth as metal wristbands. Some wristbands might have partial rough edges.

SPECIFIC DISCLAIMER

- N/A

ACKNOWLEDGEMENT

Please confirm the above information is accurate (design, spelling, color, dimension, attachment, adds-on option, imprinting technique, packaging, delivery address etc.). Please note that we are not able to cancel or modify orders (including delivery address) once the orders go into production (after 7PM East Time on the day we receive your confirmation).

I acknowledge the above information is correct and I agree to accept all parts of this disclaimer.
